## FirstDoc Enterprise Overview

Over the last decade, Enterprise Content Management (ECM) technology has made significant advances in helping life sciences companies meet critical challenges that affect the ability to bring safe drugs to market. Our solutions have been at the forefront of technology that meets the demands of managing the proliferation of enterprise content, improving timely regulatory reporting, and minimizing the risk of non-compliance.

### FirstDoc Is the Market Leader in ECM on the Documentum Platform

Since 2000, FirstDoc has been helping companies realize the benefits of an integrated approach to content management on the robust Documentum platform. The FirstDoc suite has met the highest level of certification standards set by EMC Documentum, validating the design, performance and scalability of the solution — earning FirstDoc the Designed for Documentum designation.

With deep domain expertise and years of experience, CSC designed FirstDoc as a highly collaborative and systematic way to manage, store and deliver content to increase the value of an organization's information assets in the areas of:

- Research & Development
- Trial Master File
- Quality & Manufacturing
- Marketing & Sales

FirstDoc is also available with a SharePoint User Xperience (FirstDoc SPX) and a Collaborative Review Xperience (FirstDoc CRX).

## About CSC

The mission of CSC is to be a global leader in providing technology enabled business solutions and services.

With the broadest range of capabilities, CSC offers clients the solutions they need to manage complexity, focus on core businesses, collaborate with partners and clients, and improve operations.

CSC makes a special point of understanding its clients and provides experts with real-world experience to work with them. CSC is vendor-independent, delivering solutions that best meet each client's unique requirements.

For more than 45 years, clients in industries and governments worldwide have trusted CSC with their business process and information systems outsourcing, systems integration and consulting needs.

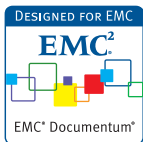

The company trades on the New York Stock Exchange under the symbol "CSC."
