### **CSC ANNOUNCES SOCIAL NETWORKING COMMUNITY FOR PROPERTY AND CASUALTY INSURANCE CLIENTS**

FALLS CHURCH, Va., Dec. 4 – CSC (NYSE: CSC) today announced the latest innovation in the evolution of its property and casualty (P&C) insurance client community: the introduction of WikonnecT, an Internet-based collaboration network using the latest Web 2.0 technology. More than 3,000 members representing 200 companies have joined since the network was launched at the company’s Fall Connect conference in Lake Buena Vista, Fla.

The CSC-hosted social network is a personalized 24x7 Internet site for product announcements, information exchange and collaboration between CSC and members of its P&C client community. WikonnecT runs on a Sun Microsystems infrastructure and includes blogs, polls and a feature to keep clients informed on new software products and developments. Users also may rate and provide feedback on CSC solutions, prioritize improvements and interact directly with CSC developers to reduce the cycle time for enhancements or responses to requests.

“CSC has taken the value of its client community to a new level,” said Mike Paulin, information systems manager for Michigan Insurance. “Now we can seek solutions to industry or software needs, peer-to-peer advice or new ideas for leveraging our CSC systems anytime through an innovative, fun Internet community and no longer have to wait for the next face-to-face user meeting.”

“WikonnecT offers a mutually beneficial proposition that fosters real-time interactions and immediate benefits,” said Ray August, president of CSC’s Property and Casualty Insurance Division. “To further harness the power of community collaboration, we are dedicating time and resources to this foundation, which will grow in importance for even greater benefit in the insurance industry.”

Members of CSC’s P&C client community may access WikonnecT through a secure log-in at <https://wikonnecT.csc.com>.

**About CSC**

CSC is a global leader in providing technology-enabled solutions and services through three primary lines of business. These include Business Solutions & Services, Global Outsourcing Services and the North American Public Sector.
